Subject: Weekly Conference Call - Upper Animas

All – Because many of us are on either in the field or on vacation, I am cancelling our weekly call for the Upper Animas this week in spite of the event that happened yesterday at the Gold King mine adit in Upper Cement Creek. I think by this time next week, we will have a more complete picture of what happened, what's being done, etc.

Our discussions with Sunnyside yesterday were positive and they have agreed to negotiate an AOC with us for the Mayflower Mill and Tailings.

More to come on that as well.
